20) The Municipality proposes to finance the estimated cost of Rs 25650/- as follows - Rs 20,956/- — the entire amount at its credit — immediately, and the balance during the execution of the work. But the Deputy Commr, states that it is not advisible to allow the proposal of the Municipal Council, as it would deplete all its balance without anything for its obligatory expenditure, and recommends that it may be permitted to pay Rs 6650/- at the present and the balance of Rs 17,000/- in three equal annual instalments Commencing from July 1943 The balance of cost viz Rs 6400/- is reported to be treated as a Government Grant

21) The Municipality have already remitted the Conversion fine the amounting to Rs 47828-8-0 It is not known if the Municipality has at its disposal a sum of Rs 20,956/-, as reported by the D C, after deducting the above amount It is also perhaps necessary to have an idea of the probable realisations from the sale

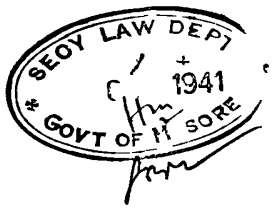
General No 5464



Enclosure No 24

Subject - Combined Dispensary at Challaker etc , Chitaldrug District

Sir,

I have the honour to inform you that the Superintending Engineer, Shimoga Circle, has submitted an estimate amountin to Rs 32,050/- for the marginally noted -- fresh works in lieu of the buildings proposed to be given away to the Municipalit;

(1) Converting the Town Hall into Travellers' Bungalow Rs 8,380/-

(2) Converting the P.W.D Sub Division ~~Division~~ Office Rs 3,670/-

(3) -do- Local Fund Dispensary with Maternity ward lump sum Rs 20,000/-

Rs 32,050/-

2 It is stated that during the last visit of the Dewan to Challakere tow the local Municipal Council represented -- that the Local Fund Dispensary building, the Travellers' Bungalow of the place and the P I Sub Division offices might be permitted to be handed over to the Municipal for the formation of shop-sites in the op space in front of them for sale by the -- Municipality

106

3 The Municipality further agreed to given the Town Hall in exchange and to meet the cost of converting the Town Hall into a -- Travellers' Bungalow with improvements and to get an improved -- building constructed for the dispensary in the extension The -- Dewan was pleased to order that this might be done, provided the Municipality agreed to put up a new Travellers' Bungalow and Hospital on improved lines in consultation with the P W Officers and Senior Surgeon, etc ,

4 It was accordingly proposed that the present cost of the estimate, viz , Rs 32,050/- will have to be met by the Municipal -- Council, but, they have pleaded inability to meet the entire cost They have agreed to pay Rs 12,000/- for converting the Town Hall into a Travellers' Bungalow and the construction of a P W Sub Division and Rs 10,000/- towards the cost of the combined Dispensary and Maternity ward

It seems however that Rs 10,399/- or 10,400/-, in round -- figures, being the cost of the existing Dispensary building to be handed over to the Municipality, the excess over it, viz , (Rs 20,000 - Rs 10,400/-) Rs 9,600/- will have to be shared equally by the District Board, the Municipality and the Government at Rs 3,200/- each The Municipality has therefore to pay Rs 3,600/- and the District -- Board and Government Rs 3,200/- each In other words the Municipality will have to pay at least Rs 25,650/- against Rs 22,000/- Though the District Board does not stand to give by the transaction its responsibility to contribute towards any improvement even if the existing Local Fund Dispensary is undenied

5 In view of these facts, I request that orders of Government may kindly be obtained if the view expressed is acceptable to Government so that a proposal may be submitted after obtaining the concurrence of the local bodies to such direction

19.

The estimate and other enclosures bearing on the subject are herewith enclosed for kind reference and return when done with

I have the honour to be,

S i r,

Your most obedient servant,

HRR 3-28th

Construction of the combined Dispensary at Chellakere etc , - Estimated cost of Rs 32,050/-

With reference to your letter No L 4008 dated 17th November 1941, forwarding a copy of letter No 5464 dated 3rd October 1941 from the Chief Engineer in Mysore, Bangalore on the above subject and calling for certain particulars, I have the honour to state that copies of the above letters were forwarded to the Presidents of the District Board, Chitaldrug and the Municipal Council, Chellakere for furnishing the views of the Board and the Council respectively

2 The President, Chitaldrug District, has forwarded a copy of the resolution of the District Board passed at its meeting held on 17th June 1942, stating that it is not possible for the Board to meet its quota at present

3 The Municipal Council, Chellakere has resolved at its meeting dated 14th January 1942 agreeing to pay a further sum of Rs 3650/- besides the sum of Rs 22,000/- agreed previously to be paid for the purpose

4 Out of the total cost of Rs 32,050/- for the entire Scheme, the Municipality has expressed its willingness to pay a sum of Rs 25,650/- As regards the balance of Rs 6,400/- the District Board has not agreed to pay its quota In the circumstances, the

balance of cost may kindly be arranged to be met out of Government grants for the current year

5) As regards the financial condition of the - Challakere Municipality I have to state that the Municipality has adequate resources to meet the cost The Municipal Council has an aggregate balance of Rs 20,956/- as per details noted in the margin The Council is willing to pay the entire amount available at present for the scheme, and the balance is proposed to be paid during the execution of the work But the amounts invested in the state Loan Bonds and Defence of India Loan Bonds cannot be withdrawn at present and it is also not desirable to spend all the amount at the credit of the Municipality for this item of work depleting all its balance without having any amount for the obligatory items of expenditure I am therefore of opinion that the Municipality may be permitted to pay Rs 8,650/- for the present and the balance of Rs 17,000/- may be permitted to be paid in three equal annual instalments payable in July 1943, July 1944 and July 1945 I request that sanction of Government may kindly be - obtained for the proposal of the Municipal Council to meet Rs 25,650/- from the funds of the Chellakere Municipality and Rs 6,400/- from Government Grants

Subject - Dewan's Tour Notes relating to Chellakere Minor Municipality in the matter of transferring the Local Fund Dispensary & Travellers' Bungalow Buildings to the Local Municipality etc ,etc ,

- 0 -

In forwarding herewith the Report of the President, Chellakere Municipality, received with His No C 71/39-40 , dated 3rd March, 1940 on the subject noted above I have the honour to state as follows -

During the recent visit of the Dewan to Chellakere Town the local Municipal Council represented in their welcome address, presented to the Dewan that the local fund Dispensary building and the Travellers' Bungalow at the place might be permitted to be handed over to the Municipality so that shop sites may be marked out in the open area in front of the buildings for disposal in sale

2 It was further represented that the Municipal Council are prepared to give away the Town Hall in exchange for the Travellers' Bungalow and pay for its additions and improvements to convert it into a Travellers' Bungalow and to get an improved building constructed for the Dispensary in the extension at the cost of the Municipality

3 In reply, the Dewan was pleased to say that this might be done if the Municipality agreed to put up a new Travellers' Bungalow and Hospital on improved lines and that the necessary proposals are worked out by the Public Works Department officers in consultation with the Senior Surgeon and the Municipal Council The Dewan expressed that the open area near the Town Hall was quite suitable for the purpose of forming a neat Official extension which might be developed gradually (Vide extract of the Dewan's tour notes for January 1940 on the subject enclosed for kind reference)

p t o

4 It is reported by the Municipal President that the above proposals having come up before the Municipal Council for consideration at its meeting held on 2nd March 1940, it was resolved that the Town Hall building might be handed over to the Public Works Department in exchange for the Travellers' Bungalow

5 It was further resolved that the amount required for the conversion of the Town Hall as Travellers' Bungalow might be met out of Municipal funds and that necessary sanction be obtained for the disposal of the sites (Vide resolution copy enclosed for kind reference)

6 It is reported by the Municipal President that the entire cost of the scheme as per details noted on the margin (Vide enclosure) is estimated to cost approximately Rs 27,600/- (as per details furnished by the Assistant Engineer, Public Works Department, Chellakere Sub Division enclosed in the records)

7 The President states that the Municipal Council is prepared to pay immediately Rs 4,500/- required for the conversio of the present Town Hall into a Travellers' Bungalow from out of Municipal funds

8 It is reported that the Challakere Municipal Council has an investment of Rs 10,950/- in addition to the present workin balance of P 1,539/- as stood on 1-3-1940 He adds that a sum of P 23,500/- might be anticipated to be realised by the disposal of the sites and the dispensary building, the D P I , Office and the D P W Sub Division Officer's Quarters nd that this sum might be utilised for the construction of local fund Dispensary and the Assistant Engineer's quarters and office

23 500/—

9 The president requests that sanction might be accorded permit the Municipality to pay a sum of Rs 4,500/- this year toward the conversion of the Town Hall into Travellers' Bungalow and to th disposal of the open space near the local fund dispensary by Public auction and that the Municipality will be able to pay the balance c

27

Rs 23,600/- by sale of sites and later on will dispose of the released buildings and convert the Travellers' Bungalow into Municipal Office and Town Hall

10 I write to say that I have discussed the matter fully with the Municipal President The Superintending Engineer, Shimoga Division has also been addressed, separately to work out the necessary proposals in this connection The Municipal Council is financially sound and can bear the expenditure without detriment to its other obligatory duties The net financial effect of the transaction might result in a big profit to the Municipality as these sites are very valuable and Government also will get mush finer buildings for its offices I am of opinion that the Chellakere Municipal Council may be permitted to finance the above schemes as and when the works in question are taken up for execution

11 In these circumstances, I request the favour of orders of Government on the following points viz -

(a) To accord their administrative sanction to take up the several proposals noted above and to finance the said works from the funds of the Municipality and sale proceeds of the sites

(b) For handing over to the Chellakere Municipality the present Travellers' Bungalow compound immediately so that the same may be disposed off in auction and the Traveller Bungalow itself being handed over to the Municipality as soon as the Town Hall is converted in-to Travellers' Bungalow

(c) The other Buildings may be similarly handed over as soon as other buildings are constructed

(d) and to permit the Municipal Council for making out the open area (in front of the above said buildings) into convenient shop sites and to dispose of them in sale immediately, so that it may be possible for the Municipality to finance the scheme without recourse to borrowing

It may not be out of place to mention, that there is a proposal also, to get the foundation stone of New Hospital Buildings laid by the II Member of Council, when he visits this District for presiding over the District Conference I, therefore solicit the x

p t o

favour of early orders of Government in the matter

No provision is made for the electric and water supply connections to the building in the present estimate. Electricity has since been extended to Chhatarkuna town, but provision for these requirements will have to be made in the estimate ~~for~~. In view of the increasing difficulty to obtain steel and cement, it may also be necessary to adopt the Madras Terrace.

I am to request therefore that the estimate may be returned for suitably modified in the light of the above observations in consultation with the Executive Engineer, Chittagong Division 2 with answers to queries accompanying. I have &c.
